## SPECIFICATION

**Product Name:** D-Ribose

**Product Code:** N-011

**Product Description:** D-Ribose is white crystal powder, 5-carbon monosaccharide, or pentose sugar. It is used by all the cells of the body and is an essential compound in energy metabolism. Ribose is also the carbohydrate backbone of genetic material, DNA and RNA, certain vitamins and other important cellular compounds

Appearance :	White fine powder
Purity:	
Solution (10% in water):	
Color:	≤ APHA60
Clarity:	≤ 6.0FTU
Content:	> 99.0%
Loss on drying:	≤ 0.5%
Residue on ignition:	≤ 0.1
Heavy Metal:	≤ 10ppm

### Product Application:

1. Speeds energy recovery
2. Increases energy reserves
3. Builds ATP in heart and muscle
4. Relieves muscle cramping and soreness
5. Helps Fibromyalgia
6. May alleviate altitude sickness
7. Known to alleviate PMS cramping

**Storage and Transportation:** Keep in tightly closed container, stored in a cool, dry, ventilated place. The valid period is 2 years.

### Package:

25kg/box
